

WOMEN & WORK FAIR & CONGRESS

MAY 4 • 9:30am - 5pm

www.womenandwork.de

AMBITIOUS WOMEN MEET IN FRANKFURT

Meet the “Who-is-Who” of **Germany’s top companies** at women&work, Europe’s biggest career-fair for ambitious women. **Career-mentoring, speed-coaching, slam sessions** and an extensive congress program help with successful career planning, finding perfect job opportunities and planning a smooth job entry. women&work is for:

- female students looking for internships
- female graduates
- professionally experienced women seeking for a job change
- female executives looking for career opportunities
- men who want to work with family-friendly employers

Focus of this year’s women&work is „**Humanism 4.0**“. Numerous panel discussions and lectures will deal with the key question: „How can we be successful architects of life in changing times?“

Furthermore, **job interviews, lectures** and **career talks** support your successful career planning. Establish **new contacts** at the Career- and Leadership-Lounge, **explore your individual career opportunities** and exchange information about how women’s careers look like today and in the future.

women&work is the most important career highlight for ambitious women in Europe - whether they are looking for a top employer after graduation, after parental leave or if they are considering a job change. Save the date and chose your individual career direction carefully and strategically – starting on **May 4 in Frankfurt** at the women&work.

Attending women&work is free of charge!
